Part 3: Business-Specific Starting Notes

These are preliminary discussion points based on the initial account review. Confirm or replace them during onboarding.

1. Awi Samgyupsal Buffet

Initial Direction

- [ ] Confirm whether the primary result is reservations, messages, group bookings, or walk-ins.
- [ ] Retain proven Samgyup post IDs with strong social proof.
- [ ] Separate high-reach engagement posts from message/reservation campaigns.
- [ ] Review whether the highest-funded posts generated business outcomes or only engagement.
- [ ] Confirm dining capacity, peak periods, group size, pricing, and reservation process.
- [ ] Confirm geographic targeting around Tagbilaran and relevant nearby areas.
- [ ] Develop offer angles for groups, families, celebrations, and unlimited dining.
- [ ] Confirm whether PHP 2,000 daily is operationally supportable.

Notes

---

2. KapeHuan Takoma

Initial Direction

- [ ] Confirm whether the primary result is foot traffic, messages, awareness, or directions.
- [ ] Protect proven awareness posts while reducing inefficient messaging spend.
- [ ] Confirm branch location, operating hours, peak periods, and best-selling products.
- [ ] Identify a trackable offer that can connect advertising to store visits.
- [ ] Test experience, product, location, and social-proof angles.
- [ ] Confirm whether PHP 900 daily matches demand and capacity.
- [ ] Establish a clear distinction between awareness success and conversion success.

Notes

---

3. Iwayan Beach Resort

Initial Direction

- [ ] Confirm whether the priority is day use, rooms, events, dining, or direct inquiries.
- [ ] Review the proven Iwayan posts for continued TOF use.
- [ ] Confirm room inventory, day-use capacity, rates, check-in rules, and booking process.
- [ ] Confirm seasonal demand, weather considerations, and blackout dates.
- [ ] Build MOF and BOF creative around direct booking intent.
- [ ] Confirm response time and who handles booking inquiries.
- [ ] Consider controlled scaling because historical messaging economics were promising.
- [ ] Confirm whether PHP 700 daily may be increased after stable results.

Notes

---

4. Patron Pub

Initial Direction

- [ ] Confirm whether the priority is foot traffic, events, table reservations, messages, or directions.
- [ ] Retain the strongest Patron traffic creative as a TOF candidate.
- [ ] Separate awareness and engagement delivery from direct-response campaigns.

- [ ] Confirm event schedule, entertainment, promotions, operating days, and peak hours.
- [ ] Identify trackable offers for specific nights or occasions.
- [ ] Confirm geographic targeting for Panglao, Dauis, Tagbilaran, and visitors where applicable.
- [ ] Test direct-response creative while maintaining proven traffic assets.
- [ ] Confirm whether PHP 500 daily supports the initial objective.

Notes

---

5. KapeHuan Alona

Initial Direction

- [ ] Confirm whether the priority is tourist foot traffic, local customers, awareness, messages, or directions.
- [ ] Retain only proven posts that remain accurate and useful.
- [ ] Do not treat high CTR alone as conversion success.
- [ ] Confirm location visibility, tourist season, operating hours, and strongest products.
- [ ] Build a clearer offer and call to action for warm audiences.
- [ ] Test directions, convenience, experience, and tourist-focused angles.
- [ ] Keep the initial budget controlled until meaningful outcomes improve.
- [ ] Confirm whether PHP 350 daily is appropriate.

Notes

---

6. AYO Fast Food - UB

Initial Direction

- [ ] Confirm whether the priority is walk-ins, delivery orders, local awareness, or messages.
- [ ] Confirm menu, pricing, delivery coverage, ordering process, and operating hours.
- [ ] Review whether previous engagement spend generated actual customers.
- [ ] Use strict result thresholds because the initial budget is limited.
- [ ] Prioritize local offer, value, convenience, and best-seller angles.
- [ ] Confirm geographic radius and customer density around UB.
- [ ] Combine MOF and BOF if audience size is too small for separate campaigns.
- [ ] Confirm whether PHP 250 daily is appropriate.

Notes

---

7. Iwa Hotel

Initial Direction

- [ ] Confirm whether the priority is rooms, functions, events, direct bookings, or awareness.
- [ ] Confirm the reason the previous Iwa Hotel campaign was paused.
- [ ] Review the existing Iwa Hotel post and determine whether it remains usable.
- [ ] Confirm room types, rates, inventory, amenities, booking process, and cancellation rules.
- [ ] Confirm location, customer segments, seasonal demand, and competitive advantages.
- [ ] Do not relaunch until the offer, creative assets, and tracking process are ready.
- [ ] Begin with a controlled testing budget.
- [ ] Confirm whether PHP 200 daily is appropriate.

Notes
